Fine Line Logistics customs brokers are comprehensively trained to understand complex customs procedures of each specific area of operation. Our customs brokerage team will take full and complete responsibility to ensure that the correct documentation is prepared well in advance of all import and export deadlines in order to avoid expensive and time consuming delays.

### Experience in customs clearance |

Provide reliable support for tiresome customs procedures which require specialized knowledge, including legal elements.

- Wealth of experience over the years handling shipping for corporate clients in various industries.
- Leverage our large number of customs agents with specialized knowledge and experience to ensure reliable and prompt customs declaration.

### Extensive customs clearance services |

Offer timely support tailored to our customers' needs.

- We stand ready to handle customs procedures for either air or ocean cargo so as to comply with the customer's logistics strategy.
- Able to handle customs clearance procedures of any number of goods including perishables, food, sundries, chemicals, textiles, semiconductors, and aircraft parts.
- Implement customs clearance in a speedy manner using the NACCS system (Electronic information communication system connecting the customs office, carrier, customs broker, warehouse company, and financial institution).

### Proper declaration |

Offer a safe and secure declaration system while compliance is observed.

- We make prior confirmation of customs law-related matters to ensure goods prohibited from import and export are not included.
- We also confirm in advance whether there are no problems with filing declarations in compliance with applicable laws other than the Customs Act, such as the Export Trade Control Order, Food Sanitation Law, Drugs, Cosmetics and Medical Instruments Act, and Act on Quarantine for Imported and Exported Plants, etc.
